There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease and therefore requires constitutional treatment. Dr. J. C. Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

NEW SYSTEM TO BE TRIED

The Fiscal Court at its session Tuesday adopted the plan recommended by County Judge Walter Knight for working the dirt roads of the county.

The Road Supervisor, E. W. Coleman, and the several magistrates each in his own district, were appointed a committee to measure the various roads and report at the February meeting the mileage in each district and the amount of road that could be graded and the part that would have to be patched and repaired.

Contracts for one year will be let March 1st, for maintaining the roads one year and the new system will be given a trial.

Judge Knight has made some close estimates on the mileage of the important roads and says there will be about 400 or 500 miles, at least two-thirds of the roads being so situated that the graders can keep them in good repair at from \$12 to \$15 a mile. The plan is expected to save many thousands of dollars as compared with the present plan of hiring everything done as the work is needed.

OTHER MATTERS.

The contract for installing radiators and pipes to connect with the furnace at the jail, in the building containing the offices of county superintendent, county attorney, etc., was let to the Forbes Manufacturing Co., their bid being the lowest, \$425.

The poor commissioner reported about \$650 in bills for the month of November and these were approved and ordered paid.

An order was made for the payment of about \$400 to officers of registration for the present year.

Other bills amounting to about \$1,200 were ordered paid.
